

## DoorKing (DKS) Cellular

DKS Cellular is wireless service that replaces standard telephone lines and provides voice communication and PC programming via the AT&T 4G LTE cellular network (where available). DKS Cellular service is available in all states including Alaska, Hawaii, Puerto Rico and all U.S. territories. DKS Cellular service is not available in Canada, Mexico or other countries. This is a monthly cellular subscription service without any long term contracts. DKS Cellular plans include all fees, taxes and charges for voice and/or data communication.

### Hardware

A DKS Cellular Interface control box is required at your DoorKing entry system. There are three different cellular control boxes available and your professional DoorKing installer will select the type of cellular hardware you will need for the system that is being installed.

### Registration

Once the system is installed, you will need to activate your DKS cellular control box by registering on the DKS cellular website. **You will need the cellular system ID number located inside the DKS cellular control box, so be sure you have this ID number before attempting to register.** During this process you will be assigned a telephone number based upon the location entered within your user profile.

### Cellular Plan Options

You will need to choose one of the three plans available based on the cellular control box that has been installed and the model number of the DoorKing entry system.

- Voice and/or Data:                   **1800-080 cellular control box**  
Use with models 1833, 1834, 1835, 1837, 1838  
**1800-081 cellular control box**  
Use with models 1802-AP, 1808-AP, 1810-AP, 1812-AP, 1838-AP
  
- Voice Only:                           **1801-080 cellular control box**  
Use with models 1802, 1802-EPD, 1803, 1808, 1810, 1812-Classic and 1812-Plus

### Activation Fee

Once you select a cellular plan and proceed to checkout, a onetime activation fee of \$45.00 will be charged for each DKS cellular control box that you activate. Each control box is capable of connecting with two (2) DoorKing entry systems. The activation fee only applies to the initial activation of a DKS cellular controller.

### Cellular Plan Billing

Upon registration and checkout, the cellular phone number connection is activated. The registration date becomes your monthly billing date (e.g., if your registration date is June 10<sup>th</sup>, you will be billed on July 10<sup>th</sup>). Billing is based on a combination of voice minutes and/or number of data transfers during the monthly billing period. Exceeding either voice minutes or data transfers at one billing level will move you into the next billing level for that billing period. As such, you may see different billing amounts on a month to month basis.

### DKS Cellular Subscription Rates

Voice + Data (1802-AP, 1808-AP, 1810-AP, 1812-AP, 1833, 1834, 1835, 1837)			Voice Only (1802, 1802-EPD, 1803, 1808, 1810, 1812 Classic, 1812 Plus)		Data Only (1838, 1838-AP)	
Voice Minutes	Data Transfers	Monthly Fee	Voice Minutes	Monthly Fee	Data Transfers	Monthly Fee
Up to 100	Up to 6	\$39.95	Up to 100	\$34.95	Up to 60	\$28.95
